

# Let's Build the future in Manufacturing

## ABOUT US

Georgia Mountains Works implements workforce development initiatives for the manufacturing sector in the 13-county region from a strategy developed by employers, economic developers, educators and stakeholders.

## SAIL & LEAD

Leadership and Supervisor training essential to individuals in the manufacturing industry seeking to enhance their performance. The program is beneficial for everyone, particularly for those new to or transitioning into supervisory roles.

## QT APP 101

The manufacturing sector demands skilled Quality Control Technicians. This is 1 of 6 manufacturing sector 2-year USDOL registered apprenticeships offered locally. QT APP101 was created by the Georgia Mountains Works MFG Employer Partnership.

## SUPPORT FOR MANUFACTURERS

GMW, through Worksource Georgia Mountains and the TCSG, assists in accessing various funding sources to offset training costs and support your workforce. Utilize our services and resources to enhance your company's development.

## BECOME A PARTNER

Employer Partners determine occupational and workgroup project priorities. They link their career/job sites to the website, post their job openings, and are given priority for workforce development opportunities. They attend up to 10 Strategy, Workgroup, or Employer Partnership meetings and tours per year.

### Bootcamps

Georgia Mountains Works assists employers in setting up custom short-term skills training with the goal of the MFG Sector Employers hiring graduating participants.

### Host a Tour

As an employer, you can help make sure the perception and reality match by hosting tours for various groups.

### Post a Job

Post a job, an apprenticeship, a work based learning opportunity or internship. These posts are provided by Region 2 businesses.
